Dear families:

I would like to thank you for your support and understanding in this difficult time. Everyday we are learning more about the COVID-19 virus and with each announcement and report we try to adapt to the new conditions as best as possible.

The YMCA of Saskatoon has decided to keep the Child Development Centres open for as long as the Government of Saskatchewan will allow us. Our Martensville centre is offering care for those families who are providing essential services. Our Sutherland, Downtown and Fairhaven centres will remain open for all other families who still need to work and need care for their children. All the new policies and regulations announced by the Government of Saskatchewan and the Ministry of Education Early Years Branch are followed and implemented.

As of April 1st, all accounts will be placed on hold, and no money will be taken out of any account. If your child will be attending in April and it had been confirmed with the supervisor at your centre, regular fees will be withdrawn.

If you will need care for your children in the next few weeks or know of other families that will require child care please contact:

Be safe, stay healthy and keep connected.

Sincerely,
