www.ymcasaskatoon.org

September 6, 2022

Thank you for being part of the YMCA and for choosing the YMCA of Saskatoon to meet your health and wellness goals.

Earlier we sent a message to advise of upcoming changes to fees that also included the Saskatchewan PST being added to gym memberships. We are excited to announce (if you haven't heard already) that the Province has decided not to add this tax to gym memberships. Much of this was due to the many who contacted their MLAs and shared their concern about adding an additional tax to a much-needed service to the community that could now be burdensome.

We also advised of a special offer to save the tax and save on the rate increase by changing your membership to an annual membership. This offer is still there for you our valued members and to those choosing to sign up!

Special Promo for All YMCA Members:

Between September 1st and 28th, if you sign up for an Annual Membership (new, renewal or converting from bi-weekly to annual), you will pay the current rate and save on the rate increase that will start October 1st, 2022. Please stop at the member services desk on your next visit or email memberservices@ymcasaskatoon.org to make changes to your account.

We are here for you, we know a fee increase can be a barrier, so we will ensure we remain committed to ensuring that everyone has access to a YMCA membership regardless of their financial situation. We offer our Annual *Strong Kids Financial Assistance Program* (children/families) and YChampions Financial Assistant Program (for adult-only memberships). These financial assistance programs ensure that no one is turned away because of an inability to pay. If fees prevent your continued participation, please contact our Member Service staff. They can arrange for a confidential discussion of financial assistance with you at a time that meets your needs.

Please feel free to contact either of us if you wish to discuss your choice to support the community through your involvement with the YMCA.

Thank you again for choosing the YMCA to support your goal of health.

Sincerely,

Sheralee Teichroeb
